For Immediate Publication**

## **ICEWEB RECEIVES REPEAT UNIFIED DATA STORAGE SYSTEM ORDER FROM THE U.S. FEDERAL GOVERNMENT**

### **IceWEB Model 5000 Being Deployed in Virtualized Cloud Computing Environment**

**STERLING, VA. – (PR NEWSWIRE) – January 18, 2012** – IceWEB, Inc.<sup>™</sup> (OTCBB: IWEB), [www.IceWEB.com](http://www.IceWEB.com), a leading provider of Unified Data Storage and building blocks for cloud storage networks, announced today that it has received an order from a Federal Government Agency for an IceWEB Model 5000 unified storage system. The system will be deployed in the agency's Washington, D.C. data center to provide cloud computing services for mission-critical applications. Configured for a VMware operating environment, the system includes dual 10Gb Ethernet, six 1Gb Ethernet, 24TB of ENT SAS disk and 400GB of Solid State Disk (SSD).

“Building on a flawless implementation of IceWEB’s unified data storage systems deployed at this agency previously, this agency naturally expanded its deployment with IceWEB’s systems among all other vendors,” said Tim McNamee, IceWEB VP Sales. “Our Model 5000 is now being deployed for the agency’s state-of-the-art cloud computing service center. With its 400GB of Solid State Drives, the IceWEB 5000’s hybrid storage pool, IceCAP<sup>™</sup> will dramatically increase the speed of Input/Output Operations (IOPS), providing the agency with optimized performance levels for mission critical applications.”

IceWEB’s award-winning Unified Data Storage Systems are ideal for cloud computing applications because they are designed to reduce complexity and control physical storage requirements through VMware compatibility, thin provisioning, compression, deduplication and both asynchronous and synchronous data replication.

The IceWEB Model 5000 will be delivered during IceWEB’s fiscal second quarter which started on January 1, 2012. All IceWEB Unified Data Storage Systems are available for delivery now.

All IceWEB Unified Storage Platforms are available through the Company’s exclusive value-added distributor Promark Technology (800-634-0255). Promark markets IceWEB products throughout the United States through its nationwide network of 1,200 channel partners. #### **About IceWEB, Inc.**

Headquartered just outside of Washington, D.C., IceWEB manufactures award-winning, high performance unified data storage products with enterprise storage management capabilities at a fraction of the price of traditional providers. Through thin provisioning, target deduplication and inline compression, IceWEB’s unified storage arrays enable standardization, consolidation and optimized storage utilization for virtual and cloud environments, saving up to 90% of storage costs, while reducing space, power and cooling requirements and simplifying storage management. For more information please call 800-465-4637 or visit [www.iceweb.com](http://www.iceweb.com).
