## **ICEWEB RECEIVES CONTRACT FOR 100TB PLATFORM FOR GEOSPATIAL IMAGE MANAGEMENT**

### ***IceWEB Begins Shipment of 2TB Drives - Doubling Storage Density***

**STERLING, Va. – (PR NEWSWIRE) – February 9, 2009** – IceWEB, Inc.<sup>™</sup> (OTCBB: IWEB), [www.IceWEB.com](http://www.IceWEB.com), a leading provider of purpose built appliances and building blocks for cloud storage networks, announced today that the Company has been awarded a contract to deliver a 96Terabyte storage platform to support Geospatial computing. The solution is to be delivered in a highly dense (4U – rack units – approximately 12 inches tall) platform.

“Many of our datacenter customers are looking for high density low power platforms to meet their growing storage needs,” said Tim McNamee, Director of Business Development for IceWEB. “Conserving power, space, and footprint in expensive data centers makes good business sense and produces significant hard dollar savings for our clients.”

IceWEB additionally introduced the availability of 2TB hard drives in its Iplicity and True Enterprise Platforms. “With our engineering qualification of recently released enterprise grade 2 terabyte SATA drives, IceWEB retains its position as an industry leader in providing a complete array of scalable storage. The introduction of these highly dense hard drives effectively allows our customer base to double their storage space within their existing hardware footprint,” McNamee continued. “Increasing storage capacity and resource efficiency are paramount for growing businesses. By utilizing the 2TB drive, IceWEB delivers truly Green storage.”

All IceWEB 2TB optimized storage platforms are currently shipping with worldwide availability and can be custom configured to meet even the most stringent requirements by contacting an IceWEB Account Executive at (800)465-4637.

#### **About IceWEB, Inc.**

Headquartered just outside of Washington, D.C., IceWEB manufactures and markets purpose built appliances, network and cloud storage solutions and delivers on-line cloud computing application services. Its customer base includes U.S. government agencies, enterprise companies, and small to medium sized businesses (SMB). For more information, please visit [www.IceWEB.com](http://www.IceWEB.com).
