IceWEB Releases the Newest Member Of The IceWEB 5000 Family

IceWEB 5000 HR (Highly Redundant) to Begin Shipping Immediately

STERLING, Va. – (PR NEWSWIRE) – June 15, 2010 – IceWEB™, Inc. (OTCBB: IWEB), www.IceWEB.com, a leading provider of Unified Data Storage and building blocks for cloud storage networks, announced today the newest member of the IceWEB Simply Advanced Family of Storage Systems: The 5000 HR (Highly Redundant) Storage System.

The IceWEB 5000-HR adds new features and capabilities to the extensive list already provided by the high-performance 5000-HC and 5000-HP systems, including:

- High redundancy provided by clustered controllers and redundant, hot-swap components
- Scalability to 448 Terabytes (TB)
- Support for SATA, SAS and SSD drives
- Unified storage, managing both block and file data in one system
- Plug and Play for fast setup together with an intuitive interface that makes it simple to manage your storage
- Complete data protection capabilities
- Ability to manage third-party storage from other vendors
- Storage services such as deduplication and WORM
- VMware ready

“Ever mindful of the needs of our customers, the IceWEB Storage System 5000 HR offers a full feature set to satisfy the most discriminating user,” said Karl Chen, SVP Worldwide Channel Sales & Marketing of IceWEB. “It is a further extension of our brand and should enable our channel partners to satisfy any application that can be thrown at them with one of our Simply Advanced IceWEB Storage Systems.”

“I am proud of the role that our channel partners have played in establishing IceWEB as **the go to** provider of superfast, 128-bit storage systems, offering quick turnaround and reliable, scalable storage systems. Whether the need is general-purpose or purpose built (GIS) storage, IceWEB has a solution.”

About IceWEB, Inc.

Headquartered just outside of Washington, D.C., IceWEB manufactures and markets data storage products and cloud storage solutions. For more information, please visit <http://www.iceweb.com/>.

This press release may contain forward-looking statements, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. In some cases you can identify those so-called "forward looking statements" by words such as "may," "will," "should," "expects," "plans," "targets," "believes," "anticipates," "estimates," "predicts," "potential," or "continue" or the negative of those words and other comparable words. These forward looking statements are subject to risks and uncertainties, product tests, commercialization risks, availability of financing and results of financing efforts that could cause actual results to differ materially from historical results or those anticipated. Further information regarding these and other risks is described from time to time in the Company's filings with the SEC, which are available on its website at: <http://www.sec.gov>. We assume no obligation to update or alter our forward-looking statements made in this release or in any periodic report filed by us under the Securities Exchange Act of 1934, As amended, or any other document, whether as a result of new information, future events or otherwise, except as otherwise required by applicable federal securities laws.
