## **ICEWEB RECEIVES SIX FIGURE CONTRACT TO SUPPLY MULTIPLE SYSTEMS TO DEPARTMENT OF DEFENSE WITH REPLICATION AND RECOVERY SOLUTION**

### ***IceWEB's Award-Winning Replication Capabilities Plays Major Factor in Key Contract Win***

**STERLING, VA. – (PR NEWSWIRE) – November 17, 2011** – IceWEB, Inc.<sup>TM</sup> (OTCBB: IWEB), [www.IceWEB.com](http://www.IceWEB.com), a leading provider of Unified Data Storage and building blocks for cloud storage networks, announced today that it has received an order from one of its Government Channel Partners for two IceWEB Model 6000 each with 48TB and one 96TB Model 3000 Storage Platforms. The order includes IceWEB Expansion Disk Shelves and Silver CRC (classified) Warranty Services, which allows customers with classified data to destroy any failed drive and receive a replacement under warranty.

The systems will be used by the Federal Government customer to store and manage their ever increasing digital databases (Digital Asset Management). The two Model 6000 systems will be used for primary storage and utilize IceWEB's award-winning replication capabilities to replicate data to a remote Model 3000 at a disaster recovery datacenter.

"As organization's digital assets grow, the need to store, organize and manage these resources without disrupting business operations becomes a major challenge to the IT department," said Tim McNamee, IceWEB VP of Sales. "IceWEB's high performance, scalable, unified data storage platforms provide these organizations with the hardware and software they need to reduce complexity and control physical storage requirements through VMware compatibility, thin provisioning, compression, deduplication and both asynchronous and synchronous data replication."

All IceWEB Unified Storage Platforms are available through the Company's exclusive value-added distributor Promark Technology (800-634-0255). Promark markets IceWEB products throughout the United States through its nationwide network of 1,200 channel partners.
